

TactiCopTraining

ADVANCED

SURVEILLANCE

TECHNIQUES

What to expect:

This training will consist of practical hands-on surveillance in realistic scenarios that mimic some of the complex criminal organizations in which surveillance is needed. The practical scenarios challenge the students to maintain their covert role while attempting to follow the suspects. Students will:

- Install Trackers for vehicle monitoring
- Conduct Mobile Surveillance via foot/vehicle during the day and evening
- Monitor Electronic Surveillance
- Safety/Operational Planning
- Surveillance Responsibilities

Course Instructor
